

**Doctor of Medicine Degree Program
Year 2 – Foundations of Medicine
Class of 2020
Academic Year 2017-2018**

WMed faculty embrace the advantages that digital media provides and have selected Inking as the online digital textbook provider for the second year of medical school. Inking permits course instructors to highlight and annotate the digital text and allows both faculty and students to share notes - all as a means of fostering collaborative learning.

The medical school has negotiated, on your behalf, a substantial group discount from the posted Inking price. Thus, students *should not* individually purchase required Inking textbooks. Instead, all students are invoiced by the medical school for the purchase of required Inking textbooks prior to the start of the second year of medical school.

Required Question Bank

The faculty supports the advantages of incorporating a USMLE style question bank for study and test preparation in the second year of medical school. Each student will need to individually purchase a two year subscription to UWorld no later than May 2017. The UWorld subscription will also be used in year 3 to practice and prepare for the clerkship shelf exams and the USMLE Step 1.
